

Creatif

City of London Academy, Sixth Form

When renovating several of the Sixth Form classrooms at City of London's, the need for flexible space was a main priority.

Creatif were approached to find a solution for one problem; provide the option of having either one classroom or two.

Problem solved thanks to our acoustic moving wall system, Solo.

Not only can Solo be opened up or stacked away in seconds, thanks to it's acoustic performance noise transfer is minimal when closed.

Solo even provides extra writing space, with a dry-wipe finish on both sides.
